0 means some tests failed (mutant killed)

1 means no tests failed (mutant survived)

we want 1s in s0, and 0s everywhere else

Scale

points for

pass 00

35

We weight passing the tests on a correct implementation heavier than other cases

we give 35 points for passing all tests on stream00, and 1/13 of 65 points for killing each of the mutants.
